

THE CATALAN INDEPENDENT :

THEIR REAL FACE

- 1- The Catalan independent are racists, they think on themselves as a “superior race” and always talk lousy on the Spaniards whom they consider an “inferior race”, they always say that the Spaniards are moronic, blunderer, stupid, dirty.

2- The Catalan independent are imperialistic, they want to invade Valencia and Mallorca once they have stolen Catalonia to all the Spaniards, despite the fact that most people of Valencia and Mallorca hate the Catalan independent and don't want to be related with them at all.

3- The Catalan independentists are not democratic as they don't

respect the Spanish Constitution of 1978 that says Catalonia belongs to ALL the Spaniards.

The Catalan Independent are not democratic as they don't allow the Vall De Aran, a Catalan county close to the French border populated since ever by Gascons and not by Catalans,
to decide if they want to stay in Spain as they want to.

The Catalan independent are not democratic as they prosecute the Spanish minority

that lives in Catalonia and don't respect the right of this minority to live there and to keep their own Spanish language.

- 4- The Catalan independent are fanatical , irrational people with whom it is impossible to deal or to talk,
as they only say ,
as madmen ,
once and once again in an obsessive way
that they want to be an independent country,
they want to be an independent country,

they want to be an
independent country
and it is impossible to reason
with them,
as it happens with all the
fanatical.

The Catalan independent are so
nationalistic fanatical as the
Nazi Germans were in the 30 's,

the Catalan independent talk on
Catalonia as their goddess
which they adore fanatically

and they say they are eager to
kill and die for their goddess
Catalonia,

as the Nazi Germans said in the 30's on Germany.

- 5- The Catalan independent are half-nazis by their use of the Goebbels tactics of massive propaganda to manipulate the Catalan people, to brainwash their children at their schools, teaching them to hate Spain, to lie the Catalan people by their television, TV 3 ,

which they control absolutely
and by the way they manipulate
the History of Catalonia to
delude and corrupt the good,
honest Catalans.

The Catalan independent are
half-nazis because they use the
Spaniards as their scape goat,
the same way the German Nazis
did with the Jews,
the Catalan independent say
that the Spaniards are the
culprits of all the evils of
Catalonia

and they teach their children to hate Spain

the same way the Palestinian mothers of Gazah teach their children to hate Israel.

6- The Catalan independent are very liars , telling the World that they suffer the tyranny of Spain, when Spain is since 1978 a

democratic country with a
democratic Constitution

that respects the right of the
Catalans to keep their own
political institutions, their own
Catalan language, their own
culture and lifestyle.

The Catalan independent tell to
the World a lot of lies on the
History of Catalonia,
they live on the past,
on the year 1714
when the killer king Felipe V, a
French Bourbon who didn't
speak Spanish but only French,

killed and destroyed a lot of Spaniards who were against him, among them many Catalans.

The Catalan Independent still live in the year 1714 and renounce to live on our time, in 2014 , when the situation in the World, in Europe and in Spain is very different from 1714.

300 years have gone but the Catalan independent insist on living as we were in the year 1714.

The Catalan independent don't tell to the World that Catalonia belongs to Spain since thousands of years ago

and that at the IX century a.d. this territory was invaded by the Franks who changed its name for Catalonia

and brought a new language called Catalan inspired by the Provençal language spoken in Southern France.

Most of the current Catalan independentists are descendants of those Franks invaders and they have always hated Spain and the Spaniards.

Catalonia is the product of an invasion of the Franks 1100 years ago

but this territory has always
been Spanish since thousands of
years ago

before the invasion of the
Franks.

Because it, the History of
Catalonia has nothing to do with
the History of Ireland or
Scotland, which are since ever
Celt countries invaded by the
Anglo-Saxons.

7- The Catalan independent think they are the masters of Catalonia,
they think Catalonia belongs to them as their property,

they want to become the rulers of an Independent Catalonia to make money

using the gullible , decent Catalans for the Catalan independet business to make money

and grafting the Catalan independentists and their friends into the good positions at the government , public administration and industries.

The Catalan independent don't want a better, richer Catalonia

but what they really want is to control Catalonia to make money as Jordi Pujol did.

8- The Catalan independent use the “castellers” or human towers they build by human force,

as a propaganda to the World on how much a “superior race” they are as they are the only ones able to build such human towers,

but they don't explain to the World that they put at risk the lives of their children

when they force their own
children to climb those human
towers to an height of about 5
meters
and then to fall free from there
to the floor
with great risk to their lives.

The Catalan independent are
such a monsters that they put at
risk the lives of their children
just to demonstrate to the
World

that they are a “ superior race”,
a race of monsters indeed.

9- France is an absolute enemy of the independence of Catalonia as the Catalan independent want to invade three counties of Southern France (Perpignan, Vallespir and Capcir) as they claim them as Catalans.

10- The European Union citizens shouldn't be fooled by the fact that most Catalan independentists are excellent at sports, arts or science,

as they are also very false, treacherous people who don't want to live in Catalonia but in the United States or in Germany or elsewhere to make more money there or to live better at other countries.

You shouldn't believe the
Catalan independent
propaganda
when they show their best men
at sports , arts or science,

as most of them live in the
United States and don't want to
live in Catalonia.

11- The Catalan independent are against the values of the European Union,

the values of peace, progress, rationality, cooperation among all the European countries, understanding and concord

as the Catalan independent want to destroy the European Union

by turning it into a mess of many small independent territories, each one hating each other,

only interested on their own
businesses

and at war with the other
European tribes,

as it happened for many
thousands of years on our
continent.

12- The European Union was born
to prevent new wars in Europe

but the Catalan independent
bring war and conflict into
Europe again,

this time by their extreme
selfishness that wants to turn
Europe into a continent filled
with tribes,

each one so racist and closed
into itself
that war against the other tribes
is unavoidable,

as it has happened for
thousands of years in Europe.

The Catalan independent are a
menace to the existence of the
European Union

and their values of peace and
working together all the
European countries.

13-

The European Union should forbid by law the existence of independence movements inside the UE countries , such the Catalan,

as they want to destroy our European Union values.

The Catalan independent are very selfish people,

always the troublemaker kind,

always asking more of
everything,

despite the fact that Catalonia is
already the richer and with the
most higher quality of life region
of Spain,

but the Catalan independent
always want more of
everything,

they are sick of pride and
selfishness,

they are a bad race,
a race of lunatics who should be
jailed in an asylum or under
psychiatrist treatment.

If they enter the European Union,

they will corrupt it

by their permanent new demands

and they will always complain on how much taxes they pay to the European Union

and they will refuse to pay money to the European Union,

perverting the rules , the laws and the administration of our European Union.

The European Union should never allow the entry of the Catalan independent into the UE

as they are very conflict prone people,

they bear inside them the vice of permanent conflict , against Spain, against France, against the European Union or against whosoever.

They are very demanding
people always asking more of
everything meanwhile they give
nothing.

They poison the environment
where they settle,
they have poisoned the every
day in Spain and Catalonia,

always believing they are
a “superior race” as compared
with the other races

and always thinking on
themselves they deserve to get

the best of the World in
Catalonia because
they are “superior”.

They have poisoned Spain and
Catalonia
and they will poison the
European Union if you allow
them to enter here.

The Catalan independent mean
a comeback to Prehistory,
to primitivism in Politics where
rational solutions are not
accepted by them,

a comeback to the tribes that
populated Europe thousands of
years ago,
all of them hating each other
and at war with the other tribes.

The Catalan independent
embody the values of
selfishness,
of tyranny of a few over the
people to make money and
control the country as the only
owners of Catalonia,
the triumph of manipulation of
their own people,
of their lies,

of their racism and fanatical
nationalism,
the values of war and conflict as
lifestyle,
the values of invasion of other
territories,
of no democracy,
of irrationality,
of living in the past.

If they become an European
Union country, they will be a
constant trouble for all the
European Union citizens, always
asking more money from the
European Union and giving

nothing, always refusing to obey the European Union laws that don't suit them, always complaining on how much money the European Union steals to them and always doing only what suits to their interests and extreme selfishness meanwhile they spread hate and confusion all around Europe.

The Catalan independent are a bad race,
always unsatisfied,
always very vicious people by their extreme selfishness,

always wanting to be the best country of the World with the best equipments as they think they deserve it by being a “superior race”, always trying to get the best of the World for them.

We know very well how are the Catalan independentists here in Spain,

it is time now that the European Union citizens know them and their real face.

The selfishness of the Catalan independent is so monster-like

that there is no comparison in the whole World.

The Catalan independent are a bad sample for the World, which would be worse if the Catalan independent would rule it.

It would mean the triumph of selfishness, fanaticism , racism and manipulation of the people.

If Catalonia achieves some day its independence , it will be by fair play and decent means and not by the lies and the manipulation and the hate

spread by the Catalan
independentists.

They are just a bunch of
monsters stranded on the
shorelines of Southern Europe
since 1100 years ago
thanks to the invasion of the
Franks.

Spain has tried since 500 years
ago to appease the Catalan
independentists,
since 1978 Spain has
recognized their right to keep
their political institutions,
language and culture.

Now the Catalan independent
want more, as always,
and Spain must defend the
good, decent, honest Catalans
from the claws of the Catalan
independent .

Most Catalans don't want to be
ruled by such fanatical, racists,
liars, madmen who believe they
are the owners of Catalonia
but who really want to rule
Catalonia just for their own
profit.

Their values of racism, hate, no democracy, no respect for the minorities, fanatical nationalism, manipulation of the people, use of nazi tactics of propaganda,

are absolutely not compatible with the values of the European Union.

The Catalan Independent are very mafia-like people,

they promote to the best positions in Catalonia those

pals who are Catalan
Independent like them,

by this way they control most of
the Catalonia public
administration, universities,
hospitals and public and private
industries.

The Catalan Independent
hamper , by mafia-like tactics,
that the Catalan who are not
independentists could reach
good positions at Catalonia,

specially at the Catalan
television TV 3 which the

Catalan Independentists control since many years ago.

The Catalan Independent protect those thieves and rascals who abound among them,

as many Catalan Independent have become rich by stealing money to the Catalan government and to all the Catalans,

but the Catalan Independent protect those rascals as most

Catalan Independent want to do the same

once Catalonia be an independent country,

they want to become rich by stealing to the other Catalans

as the Catalan Independent think on themselves they are the masters and owners of Catalonia

and therefore they have the right to become rich and

powerful once Catalonia be an independent country.

Such Catalan independent seem to be like Sicilians as they behave very much by mafia – like styles.

The Catalan Independent believe they are a “superior race” but in fact they are quite a very stupid race,

as they lose once and once again, every war they raise against Spain.

The Catalan Independent have lost the last three wars they have raised against Spain :

the war of Segadors, the war of Sucesion and the Civil War.

Despite it, the Catalan independentists try once and once again, every century and generation after generation,

to defy the Spanish Army which is too much big and powerful for them,

but the Catalan independent
insist century after century

to try to gain a lost war against
the Spanish Army.

Now those Catalan
independentists want to go to
the war once again

but the Spanish Army is too
powerful for them

and they will lose again this lost
war.

The Spanish Army has the duty to defend the Spanish territory, by our Constitution of 1978

and will never allow the existence of an independent Catalonia , a territory which is part of Spain since ever and stolen by the Catalan independentists to all the Spaniards.

If the Catalan Independent try to declare the Independence of Catalonia by their only side,

the Spanish Army will occupy
Catalonia for many years,

with a situation very akin to the
situation of Northern Ireland,

with the British Army
controlling that British territory

and with many Catalan
Independent, the most violent
ones, turning to terrorism.

The only hope that stands for
the Catalan independent to
build their Independent

Catalonia is to leave this
continent

and to look for some vacant
land at Patagonia, Yukon or the
Amazonia

and to try to found there a New
Catalonia.

The Catalan Independent are a
sort of a lost barbaric tribe that
have stood forgotten at a corner
of Southern Europe for many
centuries. The values of the
Catalan Independent are at
odds with the current values of

the European Union, as the Catalan Independentists represent the primitive past of Europe, a past of war , hate and racism.

Nobody in Europe wants to go backwards, only the Catalan Independent.

The future of the European union is a future of peace, culture, civilization, understanding and freedom. The future wanted by the Catalan Independent is a future of many tribes around Europe

hating each other, each tribe believing it is a “superior race” and ruling it by selfishness and lies.

The European Union must decide soon if we want an Independent Catalonia in Europe or not.

The Catalan Independent, so crazy as they are, say that they don't mind if the European Union expels them from the civilized European nations.

The Catalan Independentists say that they will be like Albania, poor but independent , forgotten by Europe and left away, but they don't mind.

All the anthropologists know that when a conflict such this on Spain against Catalonia bursts, there is always a racial problem behind it.

And indeed there is a racial problem here .

The Catalan Independent are descendants of the Franks who

invaded Catalonia 1100 years ago

and they are not related, from a race point of view,

with the Spaniards, whom they have always hated.

It is impossible that the Spaniards and the Catalan Independent could get well along,
they belong to different races and they are not compatible.

14 - The Catalan independent
want to bring to their
Independent Catalonia a new
kind of democracy,
an advanced one they say ,

and a new kind of economical
system, a post-capitalist one
they say .

But in fact what they will bring
to their Independent Catalonia
will be just a bunch of old and
outdated recipes,

issued from XIX th Marxism and
Nihilist Anarchism,

nothing new at all

and already tried in the past
century

with little success.

15 – The current Catalan
Independent are a mix of old ,
traditional Catalan Independent
who have always wanted the
independence for Catalonia
since 500 years ago ,

added to the new Catalan
Independent who come from
the far- left

and who want to
take advantage of this
independence of Catalonia

to force the catalans to live
under a far-left dictatorship,

disguised as a new form of
democracy
and a new form of post-
capitalism,

although their Independent Catalonia will be just a far-left dictatorship.

Those Catalan who belong to the far-left catalan parties

want to do a revolution in Catalonia, a revolution against Capitalism and against the current model of western democracy,

but in fact what they will do is just

a far-left dictatorship for Catalonia.

Those far-left Catalans want to split the European Union,

turning it into a mess of dozens of small independent countries,

as Europe was 3.000 years ago before the coming of the Roman Empire.

16 – Those far- left Catalans want to destroy Spain,

They want to destroy the Spaniard democracy , which is one of the most advanced democracy in the World,

and want to destroy the Spaniard Constitution (which is too one of the most democratic Constitutions in the World).

The far- left Catalans want to destroy Spain by civil disobedience towards the Spaniard laws and taxes and by sinking the Spaniard economy.

It must be said that the Independent Catalans are nowadays the most evil race in the World,

they are very selfish, very liars, very racist, very wicked

and they want to destroy Spain and the Spaniard democracy.

17 – The European Union should intervene in Catalonia to control the Catalan Independent and to bring peace to this territory ,

which belongs to Spain and to the European Union.
